

# Guide to Vision Rehabilitation Services in Washington State

Presented by  
Community Services for the  
Blind and Partially Sighted

# About This Guide

Losing vision doesn't mean losing independence. The agencies and organizations listed in this guide are dedicated to helping people with impaired vision remain active and independent.

This guide is intended to provide a quick overview and contact information for the major agencies and organizations providing vision rehabilitation services in Washington State.

Your referral for vision rehabilitation services is the next step in the continuum of care for assisting people with vision loss.
